

LBOC STUDENT LIFE & LEADERSHIP

Dear Student Leader:

Welcome to Linn-Benton Community College's Clubs & Organizations! Whether you are just thinking about starting a new club or have been involved in a long-standing club, this manual contains information that you will find useful.

In addition to finding useful material in this resource manual, the Student Life & Leadership office is at your service to provide resources or answer questions during the year. We hope that you will take advantage of our collective years of experience as you begin planning a new organization or putting on a program. Remember: You don't need to be the "Lone Ranger". We want you to succeed, to feel good about what you and your group members accomplish, and to pass along your wisdom to the next leaders who will follow in your footsteps. We hope that you will allow us to assist you in that process.

Please take some time to read this booklet. We hope your involvement in a campus club or organization will be an enjoyable experience and you will grow through the experience while making new friends.

Sincerely,

Tammi S. Paul Bryant
Student Life & Leadership Director
