

# Try a college class...for FREE!

## LBCC's *First Course Free* Program

Explore, take a nibble, dip your toe in – no matter how you phrase it, the First Course Free program is your chance to try a college course, tuition free, while still in high school.

### Here's how it works:

- Apply and register for one tuition-free class (up to 5 credits)
- Books, materials, and lab fees not included
- Available to **self pay** students (students whose high school is NOT paying for any classes), including homeschool

Okay, but

*why?*

- SAVE MONEY
- EARN COLLEGE CREDIT
- BUILD CONFIDENCE
- *Limited to first 100 students!*

### To learn more or find out if you qualify...

Step 1: Contact your high school to see if they will cover your classes

Step 2: If your high will not cover your classes, contact
